

EVERYTHING WITHIN EASY REACH IN ONE BAG.

EVERYTHING WITHIN EASY REACH IN ONE BAG.

“ When I'm away on work assignments, I no longer rely on electrical tape. I always use my rabbit as a barrier now.

## COMMON PROBLEMS

- I have no equipment to block electrical components.
- There are many other people on the construction site, and I don't have an overview of their distribution.
- It is unclear who switched it on, as there is no marking.

## SOLUTION

**Pre-configured Lifepack** with parts that are truly needed in everyday electrical use. The configuration can also be customized upon request.

## 3 SIMPLE STEPS FOR GREATER SECURITY

1. **Switch off and lock the electrical component.**
2. **Attach lock and tag.**
3. **Follow other safety rules.**

## RESULT

**Consistently implement the second safety rule and reduce workplace accidents.**

# HLOX-RECOMMENDATIONS FOR LOTO-LIFEPACKS

## VARIANTS

**Pocket Edition:** compact equipment for your trouser pocket

Includes: Safety lock, locking elements for circuit breakers

**Craftsmanship:** compact basic equipment for distribution and service calls.

Includes: Safety lock, locking elements for circuit breakers, Neozed/Diazed blanking plugs, LOTO tab, tag, label pad, pen

**Industry:** for more complex applications.

Like "Craftsmanship" plus: More locks, more locking elements for circuit breakers, multiple-contact switches, locking mechanism for motor protection switches and load break switches with D02 fuses

**Industry Plus:** for complex systems.

Like "Industry" plus: retractable cable safety device for the NSHV area, swivel blind plug (Neozed/Diazed) for single-phase socket fuses

## TYPICAL APPLICATION SCENARIOS

- Complex construction sites with multiple trades involved
- Permanent shutdown of systems for extended periods
- Protection of multiple employees working on a plant
- Professional appearance when dealing with clients

## YOUR ADVANTAGES WITH HLOX

**Content specifically for the German market.  
Clearly organized in one bag. Prevent  
workplace accidents, reduce sick days.**
